

CURRICULUM

Lifestyle Medicine fellows will participate in a structured, intensive curriculum designed to provide in-depth and practical knowledge. Upon completion, fellows will be eligible to sit for the American Board of Lifestyle Medicine Certification (ABLM). The curriculum involves in-person didactics, independent online study, and clinical practicums in outpatient, inpatient and residential settings. Fellows are expected to participate in a lifestyle-related research project.

Online learning and guest and faculty seminar series are designed to offer practical training for starting, maintaining, and sustaining Lifestyle Medicine practice and integration into varying clinical care models.
